According to the 1992 survey, the most common reason for the low incidence of AIDS among gay men was their reluctance to practice unprotected sex. In particular, the survey found that 60 percent of the men who had sex with other men in the past 12 months had used condoms. The survey also found that the men who had sex with other men in the past 12 months had used condoms more often than the men who had sex with other men in the past 12 months had used condoms less often.

It is a tragedy of the American political system that the political parties have been so ineffectual in the past. The only way to change this is to have a new party, one that is not controlled by the interests of the few, but by the interests of the many.

The fact that you and the other members of the board have been able to do this is a testament to your leadership and the strength of the organization. I am sure that you will continue to lead the organization in a way that is both effective and ethical.

K. M. I. CLUB COMES NEAR  
BREAKING STRING OF VICTORIES  
SCORED BY THE DAYTONA  
BOYS THIS SEASON.

Still unbeaten, but scared to death, the Dayton baseball team pulled through a dangerous game with the K. M. I. boys from Dayton at Harrison park yesterday afternoon. The score was 2 to 0 and after the contest there was no shouting by the local boys, just a sigh of genuine relief and a thought of a warm supper and good brand of excises. At that the game went 10 innings and darkness

The K. M. I. boys put up a nice game and found the locals a little off guard after the game the day before at Ormond and because of the fact that the K. M. I. team had been somewhat underestimated here because of a victory won over S. Etson university.

also managed to tear off two single over second base, and had a couple of assists to his credit. The K. M. I. boys did not play an especially marvelous game, but rather were quick to take advantage of chances and every bit of comedy injected into the contest by the Dayton players proved costly. When he were needed to end the struggle the final stages nothing but p files resulted.

**MIKE LOST.**  
"Did you ever back a horse in your life, Mike?"  
"Yes, once, and only once."

If it's a big thing, they say the Lord did it, and if any little thing goes wrong it's sure to be me!"

**CURIOUS BITS OF HISTORY**

**THE ORIGIN OF TAMMANY.**  
By A. W. MACY.  
The Society of Tammany, or Columbian Order, was formed in New York city in 1789, and has been a power in city, state and national politics ever since. Its primary object was to offset the influence of the Society of Cincinnati. The latter was formed by the surviving officers of the Revolution, and as its constitution provided that its membership should be perpetuated by the eldest sons of members, it was regarded by many as too aristocratic in its tendencies. The Society of Tammany professed to be far more democratic in its character. It took its name from a noted chief of the Delaware Indians. Its chief founder was William Mooney, a native-born American of Irish extraction. The society is nominally a charitable association, fraternal in its nature, and quite distinct from the general committee of the Tammany Democracy. It takes a very prominent part in politics, nevertheless. It claims to have outlived fourteen national parties. Aaron Burr was a prominent member of Tammany in its earlier years.

Women in Suicide Epidemic.  
No fewer than five suicides, all of women, were committed in Paris one recent day. A mother and her daughter took cyanide of potassium because they had had no food for three days. The daughter was a lyric artist. A young Austrian girl of 18 threw herself onto the rails as a train was entering the Marbeuf station of the Metro. A woman of 40 took arsenic, and the fifth, who was 27, shot herself through the heart.

Inspired Famous Hymn.  
"Jesus, Lover of My Soul," is a hymn around which many traditions and sacred associations cling. The story connected with its origin may be legendary, but it is no less beautiful. Its author, Charles Wesley, was sitting at his desk by an open window when a bird pursued by a hawk flew in. The bird was saved, for the hawk feared to follow it. The incident inspired Wesley to write his famous lines.

Chinese Salutation.  
The Chinese salutation consists of clasping the left hand with the right and waving it up and down, at the same time bowing deeply; or, if unusual respect is wished to be evinced, the Chinaman bows as low as is possible, swinging his clasped hands backwards and forwards.

**CURIOUS BITS OF HISTORY**  
A COSTLY BOOK.  
By A. W. MACY.  
Strolling through the Bodleian library one day, Lord Kingsborough, known in private life as Edward King, happened to notice an ancient Mexican manuscript. He became so interested in it that he resolved to devote his life to the study of Mexican antiquities. For ten years he labored faithfully, and in 1831 the results were published in a monumental work of seven immense volumes, almost two feet square. In these volumes are printed, in vivid colors, facsimiles of the ancient Mexican paintings that are preserved in the great libraries and museums of Europe. In this work he had a definite object, to prove the ancient settlement of Mexico by a branch of the Israelites. But it proved to be his undoing. He spent nearly \$150,000 on it, and became heavily involved in debt. He was thrown into prison on account of this debt, and died there at the age of forty-two.
